

EMDR Therapy and the Treatment of Substance and Behavioral Addictions

Coming to:
St. Louis, Missouri
11/9 & 11/10/2017

Sponsored by: Laurie Furman and Sheri Rezak-Irons

Interested in addressing Addictions and Behavioral Addictions with EMDR and getting lost in a maze of Feeling States, DeTURs and stabilization barriers? Need some direction? No worries, we've been down those roads and created a step by step, phase by phase, treatment map that we want to share it with you!

Through the use of demonstration, case presentation, lecture and video clips, and practicum this workshop explores the use of EMDR in the treatment of chemical dependency and other compulsive behaviors—specifically, with clients who are not yet abstinent. This treatment focused workshop teaches you how to stabilize clients and desensitize addiction memory networks without triggering increased substance use or relapse.

Presented by Hope Payson LCSW, LADC and Kate Becker LCSW, RYT

Hope Payson, LCSW, LADC is a licensed clinical social worker, alcohol and drug counselor and an EMDRIA Approved Consultant who specializes in the treatment of addiction and trauma. She has over 20 years of experience working in community mental health in the following capacities: director of a supportive housing program for domestic violence survivors, coordinator of an assertive community treatment team and originator of a homeless outreach program that included on-site assessment, treatment placement and long term follow up for clients with histories of addiction and trauma. She was the Clinical Director for EMDR HAP for seven years and remains an active HAP volunteer. She currently coordinates a group private practice in Winsted, Ct. She provides EMDR consultations to clinicians working in private and community settings.

Kate Becker, LCSW, RYT is a Licensed Clinical Social Worker, Certified EMDR Therapist, and Registered Yoga Teacher. Kate's focus is in the treatment of addiction, anxiety disorders and trauma. She has worked in community mental health and substance abuse clinics, group homes, and in palliative care. Kate has facilitated a variety of therapy groups including Relapse Prevention, Anger Management, Co-Occurring disorders, and DOVE (domestic violence offenders). Kate is the founder and director of A Room with a New View, Inc.; a non-profit that provides renovation and decorating to non-profit group homes and community centers. She is currently an EMDR Consultant-in-Training, and is in private practice in Glastonbury, CT.

What's in it for you?

Workshop Goals and Objectives linked to EMDR Phases of Treatment

- Phase 1--Learn history and case conceptualization concerns unique to Clients with histories of addictions.
- Phase 2--Increase your knowledge of stabilization techniques used with persons with addictions. Grow more confidence about your ability to address the needs of non-abstinent Clients.
- Phase 3-8--Learn how to desensitize the urges, cravings, and feeling states that trigger self-defeating behaviors. Increase your ability to create solid target sequence plans that will help your Clients create lives worth staying abstinent for.

Program Timeline and Content

8:30-10:00 AM - Intro of presenter and brief survey of knowledge base of audience. Introduction to the use of EMDR with addiction and the connection between trauma and addiction—citing research in this area. Discussion about using EMDR to address active addiction versus waiting for abstinence.

10:00-10:30 How to take a trauma/addiction sensitive client history and assess for stage of change and common risk factors. Lecture and video clips.

10:30-10:45 Break

10:45-12:00 History continued. Group exercise.

12:00-12:30 Review the preparation phase and the use of A.J. Popky's "Positive Treatment Goal", addiction specific resources, and the use of future template to build access to healthier coping skills. Video, demonstration, and practicum.

12:30-1:30 Lunch

1:30-3:00 Continued review of phase 2 protocols that can be used when addressing addictions. Lecture, video clips and practicum.

3:00-3:15 Break

3:15-4:00 Desensitizing triggers, urges and craving using A.J. Popky's DeTUR protocol. Lecture and video clips.

4:00-4:30 Practicum—Desensitizing urges, cravings and triggers.

Day Two

8:30-10:30 Introduction to how to identify "Maladaptive Positive Feeling States", Miller's Feeling State Protocol and Knipe's Level of Positive Affect Protocol. How to desensitize "Maladaptive Positive Feeling States". Lecture and video clips.

10:30-10:45 Break

10:45-12:00 Practicum—Desensitizing "Maladaptive Positive Feeling States".

12:00-12:30 Video clips and discussion on the use of the Standard EMDR Protocol to address common treatment barriers.

12:30-1:30 Lunch

1:30-2:30 Intro to concepts regarding “Ego States” and Addiction Treatment. Lecture, demonstration and video clips.
2:30-3:00 Treatment “flow chart”—presentation about treatment planning considerations.
3-3:15 Break
3:15-4:00 Sculpture Group Demonstration—reviewing “treatment map” or choices when working with addictions.
4:00-4:30 “Floating forward” to Monday—consultation/questions about using concepts presented in the training with clients in the future.

All of the above taught step-by-step with videos, demonstration and
practicum
