

EMDR Therapy and the Treatment of Substance and Behavioral Addictions

Coming to: **Waterloo, Iowa**

Sponsored by: **Black Hawk Grundy Mental Health Center and EMDR & Beyond**

Interested in addressing Addictions and Behavioral Addictions with EMDR and getting lost in a maze of Feeling States, DeTURs and stabilization barriers? Need some direction? No worries, we've been down those roads and created a step by step, phase by phase, treatment map that we want to share it with you!

Through the use of demonstration, case presentation, lecture and video clips, and practicum this workshop explores the use of EMDR in the treatment of chemical dependency and other compulsive behaviors—specifically, with clients who are not yet abstinent. This treatment focused workshop teaches you how to stabilize clients and desensitize addiction memory networks without triggering increased substance use or relapse.

Presented by Hope Payson LCSW, LADC and Kate Becker LCSW, RYT

Hope Payson, LCSW, LADC is a licensed clinical social worker, alcohol and drug counselor and an EMDRIA Approved Consultant who specializes in the treatment of addiction and trauma. She has over 20 years of experience working in community mental health in the following capacities: director of a supportive housing program for domestic violence survivors, coordinator of an assertive community treatment team and originator of a homeless outreach program that included on-site assessment, treatment placement and long term follow up for clients with histories of addiction and trauma. She was the Clinical Director for EMDR HAP for seven years and remains an active HAP volunteer. She currently coordinates a group private practice in Winsted, Ct. She provides EMDR consultations to clinicians working in private and community settings.

Kate Becker, LCSW, RYT is a Licensed Clinical Social Worker, Certified EMDR Therapist, and Registered Yoga Teacher. Kate's focus is in the treatment of addiction, anxiety disorders and trauma. She has worked in community mental health and substance abuse clinics, group homes, and in palliative care. Kate has facilitated a variety of therapy groups including Relapse Prevention, Anger Management, Co-Occurring disorders, and DOVE (domestic violence offenders). Kate is the founder and director of A Room with a New View, Inc.; a non-profit that provides renovation and decorating to non-profit group homes and community centers. She is an EMDRIA Approved Consultant, and is in private practice in Glastonbury, CT.

Training integrated into EMDR Phases of Treatment

- Phase 1--Learn history and case conceptualization concerns unique to Clients with histories of addictions.
- Phase 2--Increase your knowledge of stabilization techniques used with persons with addictions. Grow more confidence about your ability to address the needs of non-abstinent Clients.
- Phase 3-8--Learn how to desensitize the urges, cravings, and feeling states that trigger self-defeating behaviors. Increase your ability to create solid target sequence plans that will help your Clients create lives worth staying abstinent for.

Goals and Objectives, participants will be able to:

- Articulate how trauma symptoms increase vulnerability to addiction.
- Explain the basic findings of the ACE (Adverse Childhood Experience) Study.
- Identify history taking questions that can be used to assess readiness for trauma processing.
- Describe how to use motivational interviewing techniques in the history taking Phase of EMDR therapy.
- Identify two common resourcing needs of persons with histories of complex trauma and addiction.
- Identify at least 2 addiction specific stabilization options to use in Phase 2 of EMDR therapy.
- Describe the steps involved in addressing and desensitizing cravings, urges and triggers related to substance/behavioral addictions.
- Define the term: maladaptive positive feeling state.
- Identify how to address the maladaptive “positive” feelings, body sensations or irrational cognitions linked to addictions.
- Describe when addressing underlying trauma using Standard Protocol EMDR would be appropriate.
- Discern when the use of Addiction Protocols would be appropriate.
- Identify treatment planning options, and common NC/PC’s.
- Apply EMDR therapy to address common treatment barriers.

Program Timeline and Content

8:30-10:00 AM - Intro of presenter and brief survey of knowledge base of audience. Introduction to the use of EMDR with addiction and the connection between trauma and addiction—citing research in this area. Discussion about using EMDR to address active addiction versus waiting for abstinence.

10:00-10:30 How to take a trauma/addiction sensitive client history and assess for stage of change and common risk factors. Lecture and video clips.

10:30-10:45 Break

10:45-12:00 History continued. Practicum—history taking and motivational interviewing questions.

12:00-1:00 Lunch

1:00-1:30 Review of phase 2 protocols and preparation phase and the use of A.J. Popky’s “Positive Treatment Goal”, addiction specific resources, and the use of future template to build access to healthier coping skills. Video, demonstration, and practicum.

1:30-2:30 Practicum—Resource Enhancement and Positive Treatment goal

2:30-2:45 Break

2:45-4:00 Desensitizing triggers, urges and cravings. A.J. Popky's DeTUR protocol and other protocols that address these components of addiction memory. Lecture and video clips.

4:00-4:30 Review—questions and answers

Day Two

8:30-9:30 Practicum-desensitizing urges, cravings and triggers

10:30-10:45 Introduction to how to identify "Maladaptive Positive Feeling States", Miller's Feeling State Protocol and Knipe's Level of Positive Affect Protocol

10:30-10:45 Break

10:45-12:00 How to desensitize "Maladaptive Positive Feeling States". Lecture and video clips.

12:00-1:00 Lunch

1:00-2:00 Practicum—Desensitizing "Maladaptive Positive Feeling States".

2:15-2:30 The use of the Standard EMDR Protocol to address common treatment barriers.

2:30-2:45 Break

2:30-3:00 Treatment "flow chart"—presentation about treatment planning considerations.

3-3:15 Break

3:15-4:00 Sculpture Group Demonstration—reviewing "treatment map" or choices when working with addictions.

4:00-4:30 "Floating forward" to Monday—consultation/questions about using concepts presented in the training with clients in the future.

All of the above taught step-by-step with videos, demonstration and practicum
